TOGETHER WE'LL EXPLORE SCOTLAND

Mysterious Adventures Tours

Divinely selected places have secrets and mysteries within them that cannot be explained. They are found around the world in the most obscure corners. Hand-picked extraordinary places have been curated so that you can divulge into their wonder.

With awe, we will then explore them ... together.

Hence, *Mysterious Adventures Tours* is proud to offer you a journey to Scotland, with all its mysteries and phenomena. This voyage, accompanied by two strong mediums from the *Daughters of Hecate*, will explore a **circular path of the Historic Witchcraft Trials** sites and the haunted and mystical impressions that have been forever-embedded from its tragedies.

This chilling tour will guide you into a time period that is known as Scotland's "Burning Times". This period, ranging from 1563 to 1763, threw Scotland into a supernatural paranoia frenzy. The passing of the Witchcraft Act of 1563 made witchcraft a capital offense. Historical devastating Witch Trials resulted, spinning governing towns into a disarray of human tragedy. As a result, it is estimated that 4,000 to 6,000 people were prosecuted for witchcraft, resulting in 1,500 executions. Approximately 75% of those accused were women.

Tour with us to be introduced to the Scottish cities through a circle of magic and haunts. Our target cities contributed the most significant chronicles to the Witchcraft tragedies, including Edinburgh, Aberdeen, The Highland's Loch Ness and Stirling.
